

John Windsor

SECRETARY OF STATE

Dear Friend,

Great news! In just over a month our campaign has solidified ourselves as the Democratic frontrunner for Mississippi Secretary of State. We've proven our viability by showing a strong and impressive campaign finance report with over \$135,000 raised and \$134,000 cash on hand.

What's most impressive about this strong report is that two-thirds of all contributions come from Northeast Mississippi, with an average contribution amount of almost \$1,200! Our ability to convince close friends and neighbors to join the campaign shows first-hand how we are putting together a formidable campaign.

Make your secure online contribution today of \$500, \$250, \$100 or whatever you can afford at: <http://www.votewindsor.com/home/donate>.

While some candidate reports will be limited to the traditional big-money donors and political insiders, I'm proud that our donor base stands out as a collection from many professions. Farmers, accountants, contractors and dentists outnumber lawyers and bankers.

This early support from a political base in Northeast Mississippi gives me the strength to reach out across the state to other key leaders. But I can't do this without you. I need your help to build on this momentum.

Your contribution today at <http://www.votewindsor.com/home/donate> of \$500, \$250, \$100 or whatever you can afford will only continue building momentum and put us one step closer to victory on Election Day!

Your friend,

P.S. In mid April a friend in Northeast Mississippi pledged to match every check of up to \$500 with a dollar for dollar contribution in order to strengthen our April 30th report. He's extended this commitment through May 15th, so please go to our website today at <http://www.votewindsor.com/home/donate> and contribute.
